Testimonials

"If anyone is considering buying from Bill -- He is a "good guy" to buy from. I got one of his jaguar carpet pythons and I am very impressed with it and the quality of his animals. Bill is a great guy to work with, by both email and over the phone."

I just wanted to put in positive feedback on William (Bill) Stegall. I recently bought a beautiful Lesser Platinum ball python. He was wonderful to work with, and the snake not only was gorgeous, but was packaged perfect for the colder weather shipping, and was healthy, fat and active. He acclimated with no problems, and I couldn't be happier. He is very up front, and extremely efficient to work with. I will be doing business again with him for sure.

I recently purchased a jaguar carpet python from Bill Stegall. The transaction went very well and Bill is a pleasure to buy from! Communication was excellent, he sent photos of the parents at my request, showed a lot of concern for the python's well being and he shipped the little guy out in a very timely matter. The python was packaged perfectly and arrived looking healthy and beautiful. I'll definitely buy from him again!
